**T**HE BRITISH ASSOCIATION some years ago appointed a Committee to enquire into the practicability of an INTERNATIONAL AUXILIARY LANGUAGE. The committee published an interim report in 1921 recording its conclusions that an AUXILIARY INTERNATIONAL LANGUAGE is practicable, that Latin and Existing National Languages are unsuitable, and that an "Artificial" or Synthetic Language is best.

Since that date the Committee have further considered the matter, and have now finally decided to *recommend the Universal Adoption of Esperanto.*

Instruction, by well-known teachers, is regularly broadcast in both Hemispheres.

## PREFACE TO 1926-27 EDITION.

---

**W**E have again diligently collected and carefully arranged the useful and up-to-date information regarding Buteshire—the Officials for the whole county and its individual parishes, and Householders and Business people in the more enterprising districts.

Notwithstanding the continued very high prices, we have striven to maintain our Directory as full as in pre-war times, and that without a corresponding advance of rates. With the continued support of former patrons, we, with patient industry, will continue in the way of well-doing.

As our Advertising friends appreciate the continued distribution of their announcements facing the ordinary reading matter, we, with prompt receipt of orders, will keep permanent this decided benefit.

This DIRECTORY is not only at hand for reference at all times throughout the whole county, but it is also ready for reference in the public libraries of Scotland, England, Ireland and Wales, and also in numerous business houses and agencies in busy centres ; and we are particularly anxious that nothing of benefit to Buteshire is omitted, but that all interests have a good show, and everything brought thoroughly up to date.

“It’s an ill wind that blows nobody good.” During the general depression owing to the industrial inactivity and strikes, we have been adding to, while revising, our increasing Lists of Officials. The virgin soil of Arran has also received more attention—which, be hope, will be appreciated.

Those who wish Lists of Householders (arranged in Streets and Wards) can get that in the Official Voters’ Roll—in whole or in parts.

Our best thanks are again accorded to those who have in any way helped us in this compilation. It takes long and careful vigilance to ascertain and give effect to the continual changes.

—*Buteman.*

The new edition of the Bute County Directory for 1924-25, published by Messrs Higgle & Co., Rothesay, maintains the reputation of the publication as a comprehensive record of activities and information of interest to the county. The directory comprises county and burghal information, lists of public officials and society office-bearers, agricultural and fishery statistics, and householders and traders. The calendar, with anniversaries for each date, is in reality a compact history of the county.—*Record and Mail, Glasgow.*

As far as we can see, the information about Millport and Cumbrae is quite correct and thoroughly reliable, so we may take it for granted that the rest of the matter is the same. The book, which runs into 144 pp., should be extremely useful and convenient for the residents of the county of islands, as well as to visitors, especially those who have business dealings with the inhabitants.—*Largs and Millport News*

This useful publication is again to hand. The publishers have been so enterprising as regards its compilation that the Directory is now an absolute necessity to business people who have dealings with the picturesque County of Bute. It should be noted that the Directory also contains a useful almanac.—*Ardsrossan Herald*,

"One of the most gratifying messages of good will that has reached us this season comes from Rothesay, Scotland, in the form of a 'Heather Christmas Card' issued by Messrs Higgle & Co., of that favourite resort.

The two inside pages are surrounded with mottoes, every one of which breathes a true Scottish sentiment of good will to absent relatives or acquaintances. Along with this card Messrs Higgle & Co., send us a copy of their guide to 'Bonnie Scotland's Resorts,' a wonderful little compendium of descriptive and historical information."—*New Zealand Times*, Wellington.

"They're faur, faur awa', but their hearts are kind and true—

The auld house at hame is ever in their view :

The Bonnie Heilan heather and the hilltaps clad wi' snaw—

Their hearts are aye in Scotland though they're faur, faur awa'."

*It requires courage*—Not to bend the knee to popular prejudice.

To say "No" squarely when those around you say "Yes."

To be what you are, and not pretend to be what you are not.

To remain in honest poverty while others grow rich by questionable methods.

To speak the truth when, by a little prevarication, you might get some good advantage

To live honestly within your means and not dishonestly upon the means of others.

To stand firmly erect while others are bowing and fawning for praise and power.

To refuse to do a thing when you think it is wrong, because it is done in trade.

To do your duty in silence, obscurity and poverty, while others prosper through neglecting or violating sacred obligations.

To face slander and lies, and carry yourself with cheerfulness, grace and dignity for years before the lie can be corrected.

## LONG LIVE THE BUTE DIRECTORY

The **Opinions** of the **Press** and the **Acknowledgments** of **Libraries** are as complimentary as ever. The "Glasgow Evening News" makes the following appreciation of "**Local Colour**."—The compilers of the Bute County Directory have an ingenious method of making up the local colour and stimulating local pride. Instead of filling up the Calendar with the stock anniversaries, they have put against each date a local happening." Thus—[Two events mentioned]. "It is certainly an idea that makes for 'atmosphere.'"

## IS ESPERANTO WORTH LEARNING ?

It is the Language of the Cosmopolitan Red Cross Society, is More Scientific, Easily Learned, Up-to-Date, and Useful than any National Language: it is an Auxiliary to each and all. It is adopted by Scientific, Business and Educational Societies. Music and Sport early saw its potentialities, and; by it, songs, addresses, etc., are broadcast by wireless everywhere.

The forty fourth edition of this useful hand-book has just been published, and is brimful of information regarding the County of Bute. The public officials, lists of householders and business people in this popular health resort will be most serviceable, and, notwithstanding the greatly increased cost of production, the pre-war price of two shillings has been maintained. \*— *Helensburgh and Gareloch Times*, 3/9/23.

\*We heartily thank our Helensburgh friends. They themselves also publish a useful directory for their town and environs, and they know what they are speaking about. Recently they said our publication was "a marvel of cheapness." Well, our pre-war price was only 1s. Our secret is, because our pre-war vigour remains: long may it have cause to continue! The directory is the only one provided with a loop for hanging in an open convenient place for reference, and not hid away in a desk or drawer—sometimes even in a safe (!) Our advertising friends will be pleased to learn that our free list is increasing. "Sweet are the uses of advertisement!" [If we raised the price of our directory to 4s or 5s it would still sell, but the circulation would be very much curtailed. Our advertising patrons are well worth encouraging: without their assistance the cost would be nearer £4 or £5 a copy. The greatest cost is in producing the first copy: after that, the more the merrier. The size of the Directory is now double that of war time]. Advertising spaces now being let for next issue.

# COUNTY OF BUTE.

THE COUNTY OF BUTE comprises the seven islands in the Firth of Clyde, viz —BUTE, the most populous; ARRAN, the largest; the GREAT and LITTLE CUMBRAES, off the Ayrshire Coast; HOLY ISLE and PLADDA, off Arran; and INCH-MARNOCK, off Bute.

The total AREA OF THE COUNTY (land and water, exclusive of tidal water) is 139,658 acres, of which 53,510 are mountain and heath lands used for grazing. 3,806 acres are under plantations, and 794 are covered with water. There are 25,981 acres under all kinds of crops, bare fallow and grass, which is a gradual inroad on the mountain heath and hitherto uncultivated land.

The principal INDUSTRIES are agriculture, horticulture, and fishing. The islands possess great and varied natural attractions, and are in the forefront as holiday resorts.

The **Population** of the COUNTY (including its Burghs of ROTHESAY and MILLPORT) in 1801 was 11,791; 1831, 14,151; 1861, 16,331; 1881, 17,657. In 1891 it was 18,248 (8,057 males and 10,197 females); and in 1901, 18,786 (8,412 males and 10,374 females)—being an increase of 255 in the ten years—2·1 per cent. There were 4,270 inhabited houses in the islands.

For 1911, the figures were as follows:—

	Males.	Females.	Total.	Revised total.
Arran - - -	2,169	2,402	4,571	4,628*
Bute (including Rothesay)	5,081	6,781	11,799	11,851
Cumbrae - - -	704	992	1,696	1,707

\*The increased total issued in the Quarterly Return of the Registrar-General compared with the returns lodged with the Sheriff-Clerk, may be accounted for by the enumeration of the shipping.

the decreases since 1901 are as follows: Arran, 209; Bute, 330; Cumbrae, 62—601. The population at the postponed 1921 census [taken in June instead of April] for the county, was 33,711 (13,880 males and 19,831 females)—being an increase of 15,525 over 1911.

## Parish of North Bute.

**T**HIS is the northern portion of the island of Bute. Port-Bannatyne, its principal village, is two and a-half miles from Rothesay, with which it is connected by tramway. Kames Castle, in the vicinity, is said to be the oldest inhabited castle in the country, and was the ancient seat of the Bannatynes. The village was named after that family—two brothers of whom (John and Gilbert)—received a charter from King Robert the Bruce, for services rendered at Bannockburn.

At the 1921 census, (taken in June instead of April) the parish contained 1201 males and 1529 females—total, 2730.

## SHORTHAND TYPEWRITING, ESPERANTO, AND BOOK-KEEPING.

---

**M**R HIGGIE'S CLASSES FOR PRACTICAL INSTRUCTION are conducted during the two Winter Quarters—October till December and January till March.

PRIVATE TUITION BY ARRANGEMENT.

**Shorthand** continues to be taught with a view to its subsequent usefulness in Business and Professionally.

In **Typewriting** special attention is devoted to Punctuation and Capitalisation—a thorough knowledge of which is absolutely necessary in Practical Printing and cannot longer be neglected by those aspiring to be First-Class Typists.

**Esperanto.**—This wonderful International Language is already used for Business and Pleasure in all parts of the world. Mr HIGGIE is in touch with important regions all over the world, and regularly corresponds with persons everywhere—notwithstanding their different national languages.

This auxiliary language anticipates the happy time when there will be “Peace on earth and good will to men,” which is coming yet in spite of the present times of “great tribulation”—caused by covetousness, selfishness, greed, and wanton hindrance to peaceful re-construction. The efficacy of the International language in tracing missing friends and making new ones has been and is being repeatedly evidenced.

Anticipating the boom in International Trading after the World War, experiments by means of inter-correspondence in Esperanto are being made by business firms throughout the world with eminently satisfactory results. It is not the tyrants but the “meek who shall inherit the earth.” The blatant, self-righteous and arrogant despots were beaten, but Righteousness is yet to be exalted, and frightfulness loathed. The longed-for League of Nations is evolving, when harmony and good-will shall yet reign in spite of all present discord and opposition—but not without many sacrifices, much service and suffering. Prosperity will not come through desiring something for nothing, but through universal patient industry for the public good.

**Book-Keeping.**—Instruction given in Book-Keeping and other Up-to-Date Business Methods. Advertisement Writing is a Present Day Envidable Profession, and the ground-work and minutiae have long been familiar to Mr Higgle, a practical Printer.

**Messrs HIGGIE & COY'S ESPERANTO PUBLICATIONS** are known, read and appreciated throughout the whole civilised world. Many of the contributions are written by up-to-date foreigners.

## INTERNATIONAL CONGRESSES.

*The First International Congress was held at Boulogne-sur-Mer, 1905,*

When the British and Foreign Esperantists met for the first time and wondered if they could understand each other's speech as they had done their writing. To their mutual delight they found that they were no longer foreigners but *gealilandanoj* (men and women inhabitants of other lands). If they did not sing "Auld Langsyne" thus early, they all felt that they were brethren "happy to meet, sorry to part," and all looked forward to the pleasure of meeting again.

*The Second was held at Geneva, in August, 1906,*

And the translated introductory pages of BONNIE SCOTLAND'S RESORTS had here the honour of being the *first* national guide-book printed in the international language, since known throughout the World as **Belega Skotlando**.

*The Third was held at Cambridge, August, 1907,*

When we printed and published a class book of typical **Scottish Scenery**, and about seventy ladies and gentlemen (representing eight nationalities) took a brief trip to Scotland, where they visited three places, viz., Edinburgh, Glasgow and Rothesay. They had a most pleasant and memorable holiday. By means of the Esperanto letters they sang "Auld Langsyne" as Scotsmen sing it, and the words were ringing in their ears long after they arrived home.

*The Eleventh was to have been held at Edinburgh, in 1915, but*

The Eleventh Tuta Mondo Esperanto Congress absorbed the Tuta Pacifika Kongreso, at San Francisco, to commemorate the Opening of the Panama Canal.

*The Twelfth was held at the Hague, Holland, 1920.*

*The Thirteenth at Prague, Czechoslovakia, August, 1921,*

*The Fourteenth at Helsingfors, Finland, August, 1922,*

*The Fifteenth at Nürnberg, Bavaria, August, 1923,*

*The Sixteenth at Vienna, Austria, August, 1924,*

*The Seventeenth at Geneva, August, 1925, and now*

*The Eighteenth at Edinburgh, in July-August, 1926,*  
to which Scotsmen prepared a hearty welcome to persons from other lands.

## NATIONAL CONGRESSES

were continuous during the Great War. Stirling and Linlithgow were early in evidence as the rendezvous of Scottish Esperantists, and while we were busy with the annual issue of our Directory, the 21st Annual Scottish Esperanto Congress was being held at Stirling in June. The British Esperanto Association, although it only passed its 17th Annual Congress at Whitsunday, 1926, is a larger and more vigorous institution than the Scottish. This June, the arrangements were advanced for the imminent Big International Event in Edinburgh.

On the Continent the movement is much more advanced than here: the necessity is more apparent.

# CHARM of the HEATHER

A SPRIG of SCOTS HEATHER is as lightly thought of at home as a drink of cold water (of which there is more than enough to spare), but it is an inspiration and a valued reminder of the pleasantest of memories to Scots and their friends abroad.

The exchange of national floral emblems will yet become exceedingly popular among those who work for human brotherhood.

We produced Victory Commemoration Bookmarks—in connection with the Armistice, the Signing of Peace and the succeeding Joy Day Celebrations,—which were considered very appropriate.

## Remember Friends Abroad.

While enjoying holidays remember to gather sprigs to send to friends abroad, or in response to appeals you will see in leading Scottish weekly newspapers.

We have for years sent boxesfull of heather to friends and societies abroad. We frequently respond to newspaper appeals, and the following is a sample of the acknowledgments received :—

East London, C. P., So. Africa, 18th Dec.

Mr George Higgle, 22 Bridge St., Rothesay, Scotland.

On behalf of the East London Caledonian Society I wish to thank you for being so kind in responding to my appeal for heather, which was sold on our Patron Saint's Day, and realised the very handsome sum of £265 5/11, and has been forwarded to the fund for disabled Sailors and Soldiers. The heather was received in first-class condition, and was much prized —Yours faithfully,

JAMES FORBES,  
Convener of Heather Committee.

It is not only Scots abroad who enjoy a sprig of something that actually grew at home. The Glasgow 'Evening Times,' while the above acknowledgment was on the ocean, printed the following ;—" Flower girls in Argyll Street are making brave display with the mimosa, which comes to us from the Continent before the swallows or even the daffodils dare. It is one of the indications, after the shortest day, that somewhere the sun is shining, and that winter is waning. Australians in town are greatly cheered by the golden glory, for the mimosa is the wattle of their homeland, carrying with it the same significance as the heather to a Scot abroad."

Colonials and others on holiday in this country, have thanked us personally for sending them souvenirs of Scotland when far away; and others have reciprocated by sending preserved leaves and flowers from their distant lands.

The exchange of national floral emblems will yet become exceedingly popular.

Botanical Specimens go through the post at letter, sample or parcel rates.

# ESPERANTO.

THIS highly commended, tested, living and very successful International Language has now got a firm hold on human life and work in every civilised country.

Several attempts had been made by far-seeing and eminent persons in many lands—including Scotland,—to surmount the lingual barriers, with the view of facilitating mutual intercourse and promoting peace and goodwill throughout the whole world, but none has triumphed except Esperanto—which does not seek to interfere with the working of other languages, but is just an easy method by which *each person* can communicate with *all others* who also desire perfect mutual understanding in regard to any subject.

To enjoy this modern miracle it is but necessary to read (in any language desired) some of the wonderful testimonies of persons engaged in business, science or pleasure to learn of its immense benefits.

*To be without Esperanto is to be like those who prefer to work in obscurity, or the ships (if there are any outside canal boats) where the code of International Signals at Sea is ignored.*

*Esperanto has come to stay, and, like the rain and sunshine, is for the benefit of everybody.*

N.B.—There still appears to be a belief in some quarters that this extraordinarily-useful language is only a fad of lingual enthusiasts (!) It has won admiration and success wherever adopted. Though “Belega Skotlando” and “Skotlanda Pejzaĝo” are enjoyed throughout the civilized world, they are favourites among the hundreds of Esperanto grupoj in the British Isles and Empire, who delight in circulating the “key” language of universal peace and good-will.

# SPELING REFORM

**T**HIS IS NOT A NEW DESIRE ; BUT BESPEAKS  
A GREATLY INCREASED INTEREST IN A  
VERY IMPORTANT SUBJECT AT THE PRESENT  
TIME. Under the appropriate heading,

## **“A Wasted Year,”**

there appeared, on 3rd May, 1924, a Special Article in the *Evening Citizen*, Glasgow, showing that this is the time lost in the life of every child in Britain while acquiring the irregular and inconsistent spelling of our language.

The SIMPLIFIED SPELING SOCIETY is promoting a petition to present to the Prime Minister, calling for the appointment of a Royal Commission—including Scholars, Teachers, Men of Letters and Men of Business—to consider the whole question, and report.

Experiments already made by enthusiasts have proved eminently satisfactory, and shows how much valuable time will be saved for other studies by the removal of the spelling incubus.

The Speling Reformers include all classes of the people, and the question is not a party one.

The Simplified Speling Society of Great Britain, and the Speling Reform Association of U. S. A., have issued the first number of a joint quarterly journal, “Speling.”

Shorthand could not be written without a Reformed and Phonetic Alphabet.

## The Bute County Directory

is the only Publication of the kind printed and published in Buteshire. Its data is carefully compiled, and much time and attention is devoted each year to the careful investigation and noting of the necessary alterations in the personnel of the occupants of public offices, the correct addresses of the general inhabitants, and the latest changes amongst those engaged in business.

The earliest publications connected with Rothesay were Directories, and they are interesting reading even at this time of day.

Our publication not only includes the Burgh of Rothesay (where it has long been most appreciated, but embraces the whole of the County of Bute—from the outlying districts of which more interest is respectfully solicited.

Owing to the increased prices of material and wages, we have been compelled to raise our tariff from pre-war issue, but that advance is not nearly equal to the increased cost of production: We desire not the curtailing of our information, but the continuing of everything as full as possible.

DOUGLAS YEAR BOOK OF SCOTTISH ASSOCIATIONS

Editor, JOHN DOUGLAS, F.S.A.Scot.

6 St Mary's Grove, Barnes Common, London, S.W., 13, 4th December, 1921,  
Messrs HIGGIE & Co., Printers and Publishers, Rothesay.

Dear Sirs,—Thank you very much for sending me the assortment of ivy leaves which have been much admired. I showed them to several Scots on St Andrew's Day, and in each case the verdict has been the same. The leaves were considered a marvel.

It may interest you to see my Year-Book, a copy of which I enclose. Please accept with my best wishes. Believe me, yours faithfully,

JOHN DOUGLAS

*Typical letter received in pre-war days :—*

MONTREAL, July 29th, 1913.

"I was shown a copy of your publication, 'Bonnie Scotland's Resorts,' while up country, and am desirous of possessing a few of those interesting books; so realistically depicting places I have visited, and 'brither Scots.' Kindly inform me if such can be procured in this country or U.S.A., and, if so, where? I would not mind going 500 or 600 miles to get a few of your small books—so full of interest to the fellow Scotsmen I come in contact with here. . . . The party who showed me their copy had it for years I shall be glad if you let me know if you issue other Publications along the same lines as the A B C 'Resorts of Scotland.'"

Messrs HIGGIE & Co., Rothesay.

We are now preparing a post-war edition.

These Publications are appreciated by intelligent persons outside Scottish connection, and we sent (free and direct) from our head office, in Rothesay, copies of BONNIE SCOTLAND'S RESORTS, &c.,

### to the Red Cross Hospitals in Scotland,

giving a welcome to the brave Sailors and Soldiers who had been fighting in the Great War for Peace on Earth and Good Will to Men, and we received many thanks for our consideration.

One never knows the good received in unexpected quarters. A Scottish soldier, while in an Egyptian hospital, "swapped" something with a fellow patient for a booklet on Pitman's Shorthand. He learned the art, introduced it into the British Army, and presided at the Glasgow celebration of the inventor's centenary—when he indicated the wonderful success of his innovation.

HIGGIE & COY., PRINTERS & PUBLISHERS, ROTHESAY, SCOTLAND.

\*The occasional free broadcasting of our publications produce much pleasured, good feeling and reciprocity.

We give special terms to Scottish Societies for the peaceful penetration of good will throughout the world.

## THE BUTE COUNTY DIRECTORY

This DIRECTORY now-a-days contains the information distinctive of both the DIRECTORY and the ALMANAC of past years. The BUTE DIRECTORY, although very useful to the fluctuating visiting population, is not necessarily a fine-weather publication, but a hardy permanent annual.

Our aim, in this publication, is not to record the passing names and achievements of visitors and those who come to cater for them, but something of far greater importance—the registering of the names, standing, and businesses of the resident population—for the information of all having an interest in Buteshire, its burghs and rural districts.

The Directory is, of course, not only for the remaining portion of the year in which it is issued, but continues the only printed reference book for the county of Bute until its successor appears.

One edition of the Directory is no sooner off than we begin to note alterations (and prepare for possible additions) for the next—so that it may be thoroughly up to date. These alterations and probable additions lie at our office, and are at the service of our customers.

Will Secretaries of societies, etc., connected with Buteshire, who do not already do so, please remember to forward to us particulars of their institutions, annual reports and lists of office-bearers, as information for the next issue?

This Directory is not only found all over Buteshire, but in the libraries and other places of public resort in “the adjacent islands of Great Britain and Ireland.”

Price to Subscribers, Two Shillings; to Non-Subscribers, Three Shillings. Postage, Threepence.

Advertisement Tariff on application.

## BUTE COUNTY DIRECTORY.

---

The Commercial Library, 21 Miller Street,  
18th July, 1918.

Messrs Higgle & Co., Publishers, Rothesay.

We have to thank you for the copy of the Bute County Directory, addressed to the Stirling Library. Since November, 1916, all Directories have been transferred to The COMMERCIAL LIBRARY, 21 Miller Street. This library has been established for the use of business men, and, as since its opening, we have had over 49,000 visitors, more than one-third of whom consulted the Directories, you will appreciate the publicity your Directory obtains.

Yours faithfully,

JNO PHILLIPS, Librarian.

---

This DIRECTORY came out regularly during the strenuous years of the Great War.

We are striving to keep the lists as full as ever during the present time of industrial depression. Being optimists, we hope for the best.

The Opinions of the Press on the latter issues are as complimentary as formerly.

*The "ca' canny" and similar anti-British tactics are paralysing progress and preventing prosperity. Unless there is a determined revival of Industry, what must the harvest be? It is not through the guile and covetous selfishness of the wicked and thoughtless, but through righteous Regeneration that peace and prosperity will be regained.*

*People are willing to spend money on Holidays as well as on Business, but the blight of strikes, love of idleness and dreams of getting something for nothing, are up in opposition.*

### The Revival of the Touring Season.

The following sample enquiry letter was received after the War was over:—

Sandown Station Road, Stechford, Birmingham, 12th June, 1919.

Messrs Higgle & Co., A B C COAST GUIDE, &c.

I shall be much obliged if you kindly send me names of any apartments you can recommend at Craigmores, Wemyss Bay, Millport, Craigendoran, and Tarbert \* My Guide is 1904. Thanking you in anticipation, yours faithfully, WM. T. JONES.

\*Districts included in THE COAST GUIDE.

*The above shows the Pleasures the public are again longing for but not enjoying to the full because of the "ca' canny" policy and the charm of living of the rates.*

*The callous numbing of Busy Hives of Industry throughout the country is ruinous. Charity is a splendid virtue, but it should not be allowed to encourage pauperism.*

In China, for thousands of years, it was only scholars who could read and write the language. Recently, a phonetic alphabet was evolved through the instrumentality of foreign missionaries. It is not based on the romanian letters—so well known in Western Europe, and adapted for the different languages in India, — but the innovation is so popular that people in the streets are learning to read and write in a marvelously short time.

**HIGGIE & CO., Printers & Publishers, Rothesay.**

Pitman's Phonetic Longhand Alphabet extended [reprinting] the same sounds as arranged in the super system of Shorthand writing can be correctly adapted to any language, and read as easily as a musician can play, in the universal staff notation, any foreign piece of music.

# PEACE, HONOUR & GOOD-WILL!

*More than Christians believe that la Homaro vivos kunfrature.*

THE GREAT CREATOR OF ALL made of one blood all races of Humanity on the Earth, and when we fell from the high estate in which we were created by our disobedience, Jesus Christ redeemed us, his Gospel of "peace on earth and good will to men" is to be preached to every creature, and "the gates of hell shall not prevail against it." The confusion of tongues at Babel is being followed by the gift of the perfect language foretold by Zephaniah. The walls of Jericho fell before the sounding of the rams' horns at the command of Joshua, and the lingual walls, which have hitherto divided the nations, need no longer, through the genius of another Israelite, prevent "all people that on earth do dwell"—whatever their creeds, colours or idiosyncrasies—from satisfactorily communicating with each other by means of

Esperanto, like ENGLISH, is made up from other languages: its roots are taken from the same jungle, but scientifically treated in a garden *pro bono publico*.

The 11th Annual International Congress was to have been held in Edinburgh in 1915, but the Great War, which prevented the holding of the 10th at Paris the previous year, was the means of causing the transfer of the 11th to San Francisco. To commemorate the opening of the Panama Canal a big Exhibition was held there, and a Tuta Pacifika Esperanto Kongreso developed into the 11a Tuta Mondo Esperanto Kongreso.

The 12th Kongreso Internacia was held at the Hague, Holland, in 1920; the 13th at Prague, in 1921; the 14th at Helsingfors, Finland, in 1922; the 15th at Nürnberg in 1923, the 16th at Vienna in 1924, the 17th at Geneva this August, and the 18th in Edinburgh in 1926 (when the Esperanto translation of the Bible was dedicated in St Giles' Cathedral), and the 19th will be in Danzig in 1927.

Esperanto—the language of Peace on Earth and universal brotherhood—is steadily spreading. It is much easier to learn and comprehend than any national language, and does the work of all. On the Continent during the Great War it was an incalculable blessing to Red Cross work and tracing the missing. It was a veritable open sesame into everything good. The world-wide Boy Scout movement has taken up the study of la kara lingvo. It was used at the great international Jamboree in London, a meeting so happy and harmonious that it was appropriately closed by the singing of "Auld Langsyne. Annually there are several Esperanto international excursions. During the holidays a company of Scots boy scouts sojourned in Norway, and a company of Danes enjoyed the hospitality of Scotland. That is nothing compared with the achievements elsewhere. "We're a' John Tamson's bairns."

Esperanto is much more easily learned than the alphabets of some other languages and as it has no politics, religion, or physical force or selfish aims of any nation, but is pre-eminently *pro bono publico*, it is peculiarly fitted for cementing and making permanent and happy the coming efficiency of the League of Nations. That organisation has unanimously recommended the official and universal adoption of Esperanto and its teaching in the schools of all civilised countries.
